# THE INCLUSIVE REMOTE CLASSROOM

Use of Chrome extensions such as **Immersive Reader**, **Google Translate**, and **Pear Deck** to make content accessible to and engaging for all learners.

The screenshot shows the Immersive Reader extension in Google Chrome. The page content is: "Our class visited the zoo on [redacted]. We saw animals of [redacted]. My favorite was the tiger. Sarah's favorite was the elephant. Everyone laughed at [redacted].". A tooltip for the word "tiger" is open, showing a tiger icon and the word "tiger" in a larger font. The Immersive Reader interface includes a back arrow, a title bar with "Immersive Reader", and various accessibility settings on the right side. These settings include "Line Focus" (off), "Picture Dictionary" (on, with a Boardmaker logo), and a "Report a Problem" button.
